THE STANDARD IN SURGICAL LIGHTING

LIGHTEST
BRIGHTEST
LONGEST-RUNNING

X7 FEATURES

4.9oz Luminaire & 2.9oz Hip Pack	The lightest surgical headlight on the market.
530,000 Lux	The brightest light on the market. The X7 adds High Intensity Mode—50% brighter than X6
6 Hour Runtime	The X7 doubles the runtime of the X6 at the same brightness.
External Power Indicator	The X7 now shows the remaining battery life on the outside of the hip pack.
Convertible Headband	Choose from the Hard top or Soft top headband (both included).
5.6 to 1 Inch Spot Diameter	Fully adjustable spot diameter.
High Speed Charging	Recharge up to 6 batteries in 3 hours for continuous operation.
Aluminum Travel Case	All new travel case to keep your X7, batteries and loupes safe.

THE RONIN FOUNDATION

Let's make a difference together

Our mission is to provide light where light is needed. From South America to Africa to right here in the U.S.A., we are dedicated to helping doctors, who give their time to help others. The Ronin Foundation provides lighting equipment for doctors to use while on their mission trips.
www.RoninFoundation.com

HOW IT WORKS

- STEP 1** The traveling doctor requests a unit from Ronin Surgical for the specific dates of their mission trip.
- STEP 2** The doctor receives the unit before departure and takes the unit with them in their personal belongings.

- STEP 3** The doctor uses the product during their mission and brings the complete unit back with them.
- STEP 4** Once home from their trip, the doctor ships the unit back to Ronin using the provided shipping label.
